Tim,

You had called me this morning in response to a call you received on the Region VII Spill Line early this morning from the National Response Center. You wanted to know if NDEE was aware of the release at AltEn and would be following up. A representative of AltEn did contact NDEE shortly after you and I spoke. NDEE will follow up with the facility as appropriate.

Best regards,

Neal

All,

Please find attached the notification form and a Google Earth image depicting the location of the spill. Mr. Tingelhoff said planned remedial actions are to pump the spilled waste to the facility lagoon. Mr. Tingelhoff said he would be calling Hillary Stoll to ask her permission to pump the waste to the facility lagoon.
